

360 LITRE KOMPAKT CONTAINER: INCREASING YOUR CAPACITY TO RECYCLE

SUITABLE FOR ALL LIFTERS
PATENTED AUSTRALIAN
DESIGN

Designed for local market

- Patented design to suit Australian lifters
- Increased capacity in a compact foot print
- Manufactured in accordance with AS4123
- Dimensions of lifting zone similar to a 240 litre

Multiple applications

- Ideal for increased recycling needs
- Part of a multi bin system approach
- Assists in achieving waste minimisation goals
- Increased capacity aids in preventing leakage into the waste stream

Improved design features

- Patented hand grips for easy manoeuvring
- Textured finish on lifting columns for increased grip
- Foot step at rear aids in tilting the bin
- Easy grip handles for maximum comfort

360 LITRE KOMPAKT CONTAINER

Material

- **Polymer components:**
 - Injection moulded from specially designed HDPE
 - Resistant to decay, frost, heat and chemicals
 - Special UV – stabilisation provides excellent aging characteristics
- **Corrosion resistant steel axle**
- **Noise reduction**
 - Quiet - running solid rubber tyres
 - Tight fitting axle
- **Long service life**
 - Quality materials
 - Most advanced manufacturing processes
 - Withstands exposure to high mechanical stress levels
- **Recycling**
 - All container parts are recyclable

Advantages

- Australian design with improved column structure for grab lifting
- Textured lifting columns improve grip during lifting
- Rear foot step assists in tilting the bin for easy manoeuvring
- Patented hand grips allow for easy handling
- Ergonomic new look lid features optional ventilation
- Large area for customisation on both the body and lid
- Compatible with standard SULO components
- Dual axle housing provides maximum strength
- Compatible with identification and weighing systems
- Larger 250mm wheel for improved stability and easy handling
- Complies with performance standards of AS4123

Imprints and markings

- Manufacturer, year of manufacture, material
- Nominal volume, max permitted total weight
- AS4123 and EN840 markings
- No hot ashes or liquids standard lid insert
- Individual markings with imprints, multi colour print, hot-foil printing or adhesive labels*
- Customer specific serial numbers if required*

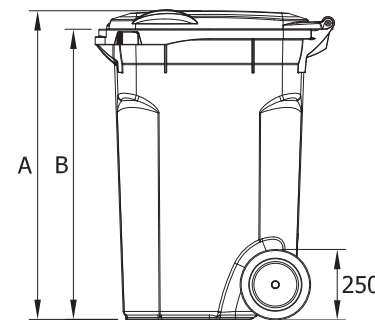

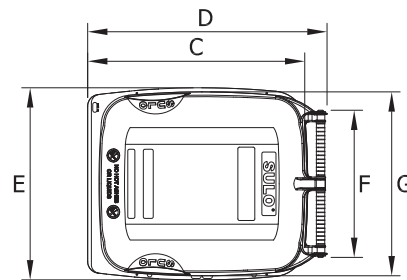

Quality

- Manufactured in accordance with AS4123 and DIN EN840

Dimensions - Weights - Standards

- Nominal volume: 360 litres
 - Net weight: approx 17 kg
 - Max load: 144 kg
 - Permitted total weight: 159 kg
