Highest tip point

2900 mm

A battery operated hydraulic push button unit that aids in the lifting and emptying of wheelie bins into dumper bins. Completely Australian Standards compliant, the safety cage and extra guarding adds extra protection for users.

This is an ideal unit for heavy weight and frequent lifts. The push-button operation eliminates manual handling and associated risks of lifting bins.

Suitable for supermarkets, schools, construction sites, apartment blocks, waste management companies, event organisers.

Made in Australia.

Safety features

- Safety cage and door eliminates all hand and foot crush-points for operators and bystanders.
- Braking castors for stability.
- Sturdy, stand-alone unit.
