

Rugged (manual) BIN LIFTER

Designed with manoeuvrability in mind, its small footprint, light weight and its spark-free, manual handpump operation, make it the perfect solution for emptying wheelie bins into steel skip bins. Ideal for building sites, industrial worksites, mines, factories and spark-free environments.

The All Terrain model is perfect for outdoor use with its pneumatic wheels (pictured below).

The lift mechanism is a full-swing operation.

Made in Australia.

The Rugged Manual All Terrain model, with pneumatic wheels.

Note: The All Terrain is 140-150 mm higher than BLHP1500.

Typical applications

Suitable for construction sites, industrial worksites, mines, factories and spark-free environments.

Features

Lifting	
Capacity:	100 kg
Mechanism:	Full-swing
Recommended use	
Per person per day:	10 lifts
Bin compatibility	
Wheelie:	80, 120, 140 and 240 litre
Skip:	1500 and 1800 mm
Operation	
Method:	Hydraulic hand-pump
Time:	45 seconds/28 pumps
Dimensions (L/W/H)	BLHP1500: 850/850/1700 mm BLHP1800: 850/850/1960 mm
Highest tip point	BLHP1500/1500LL: 3250 mm BLHP1800: 3550 mm
Fits through internal doorways	Yes

Safety features

- Skip bin hooks: Secures the bin lifter to a steel dumper bin, and only operates when secured.
- Hand-pump ensures gradual controlled lift.
- Braking castors for stability.
